FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 sets out the fee guidelines for professional medical services.
3. 28 Texas Administrative Code §134.1 sets forth general provisions related to medical reimbursement.
4. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.

5. The services in dispute were reduced/denied by the respondent with the following reason codes:
   - 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly
   - 97H – The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated. *Service(s)/Procedure is included in the value of another service/procedure billed on the same date.*

Issues

1. Did the requestor bill for an unvalued CPT code, 90885?
2. Did the submit documentation to support that the requested reimbursement amount of $90.00 is fair and reasonable reimbursement?
3. Is the requestor entitled to reimbursement?

Findings

1. Per Texas Administrative Code §134.203 "(b) For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers; bonus payments for health professional shortage areas (HPSAs) and physician scarcity areas (PSAs); and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules."

   The requestor seeks reimbursement for CPT code 90885 defined as "Psychiatric evaluation of hospital records, other psychiatric reports, psychometric and/or projective tests, and other accumulated data for medical diagnostic purposes."

   Review of the CMS, Medicare Physician Fee Schedule (MPFS) website revealed that CPT code 90885 is not valued by Medicare's Physician Fee Schedule, as a result the reimbursement for CPT code 90885 is determined pursuant to Texas Administrative Code §134.203 (f).

   Per Texas Administrative Code §134.203 "(f) For products and services for which no relative value unit or payment has been assigned by Medicare, Texas Medicaid as set forth in §134.203(d) or §134.204(f) of this title, or the Division, reimbursement shall be provided in accordance with §134.1 of this title (relating to Medical Reimbursement)."
2. This dispute relates to services with reimbursement subject to the provisions of 28 Texas Administrative Code §134.1, effective March 1, 2008, 33 *Texas Register* 626, which requires that, in the absence of an applicable fee guideline or a negotiated contract, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection 134.1(f), which states that "Fair and reasonable reimbursement shall: (1) be consistent with the criteria of Labor Code §413.011; (2) ensure that similar procedures provided in similar circumstances receive similar reimbursement; and (3) be based on nationally recognized published studies, published Division medical dispute decisions, and/or values assigned for services involving similar work and resource commitments, if available."
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. Former 28 Texas Administrative Code §133.307(c)(2)(F)(ii), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires that the request shall include a position statement including "the requestor's reasoning for why the disputed fees should be paid or refunded." Review of the submitted documentation finds that the requestor has not explained the reasons that the disputed fees should be paid. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(ii).
5. Former 28 Texas Administrative Code §133.307(c)(2)(F)(iii), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires that the request shall include a position statement of the disputed issues including "how the Labor Code, Division rules, and fee guidelines impact the disputed fee issues." Review of the submitted documentation finds that the requestor has not discussed how the Labor Code, Division rules and fee guidelines impact the disputed fee issues. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(iii).

6. Former 28 Texas Administrative Code §133.307(c)(2)(F)(iv), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires that the request shall include a position statement of the disputed issues including "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the submitted documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(iv).
7. Former 28 Texas Administrative Code §133.307(c)(2)(G), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable." Review of the submitted documentation finds that:
   - The requestor did not submit a position statement for consideration in this dispute.
   - The requestor has not articulated a methodology under which fair and reasonable reimbursement should be calculated.
   - The requestor did not submit documentation to support that $90.00 is a fair and reasonable rate of reimbursement.
   - The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
   - The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
   - The requestor did not support that payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

   The request for additional reimbursement is not supported. Thorough review of the submitted documentation finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the service in dispute. Additional payment cannot be recommended.

Conclusion

The Division concludes that the requestor failed to support its position that reimbursement is due. As a result, the amount ordered is $0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 reimbursement for the services in dispute.
